SCALE ACCELERATOR: WOMEN'S EMPOWERMENT

Scale Accelerator: Women's Empowerment is a **fully-funded** consultancy programme for ambitious, locally-led NGOs in **southern Africa** – including Malawi, South Africa, Zambia and Zimbabwe - who want to scale up their impact and take their vital work to more people, in more places.

Participants will work through the key stages of their journey to scale - from building the foundational strategy for scale and actionable financial models, to developing the systems needed to make the journey **achievable, sustainable, and a whole lot easier.**

“They are amazing...they are ace. The level of support compared to other programmes is fantastic.”

(Scale Accelerator participant, 2021)

[#ScaleAccelerator](#) [#WomensEmpowerment](#) [@SpringImpact](#)

TWO FULLY-FUNDED PROGRAMME ROUTES

With our team of specialised scaling consultants and experts based in the region, NGOs will receive tailored support to reach their scaling goals through one of two **free** programme routes:

EXPERT CONSULTANCY

2 years of fully-funded, tailored consultancy for a select group of NGOs with a proven solution that has high potential to scale.

Participants will work collaboratively with our team and local experts, gaining hands on technical assistance to build a scale strategy, a financial model for scale, and the systems and processes required to implement it sustainably.

LEADERS OF SCALE

An online, fully-funded 6-month intensive training programme for 10 NGOs.

The programme will coach two members of the participants' leadership team in the skills, knowledge, and frameworks needed to lead their organisation's journey to scale.

[#ScaleAccelerator #WomensEmpowerment @SpringImpact](#)

WHO IS THE PROGRAMME FOR?

The programme is specifically aimed at **locally-led NGOs** and coalitions of organisations working in southern Africa and delivering solutions to address issues around **women's empowerment**.

- We define **women's empowerment** solutions as those that support women and girls to enhance their power, voice, skills and opportunities at home, in their community and in the economy.
- NGOs addressing issues related to the cultural, social or economic empowerment of women are eligible to apply. Organisations do **not** need to be led by women and solutions that work with both men and women to challenge attitudes and behaviours are eligible to apply.
- We are particularly focused on the following countries in southern Africa: **Malawi, South Africa, Zambia, and Zimbabwe**.

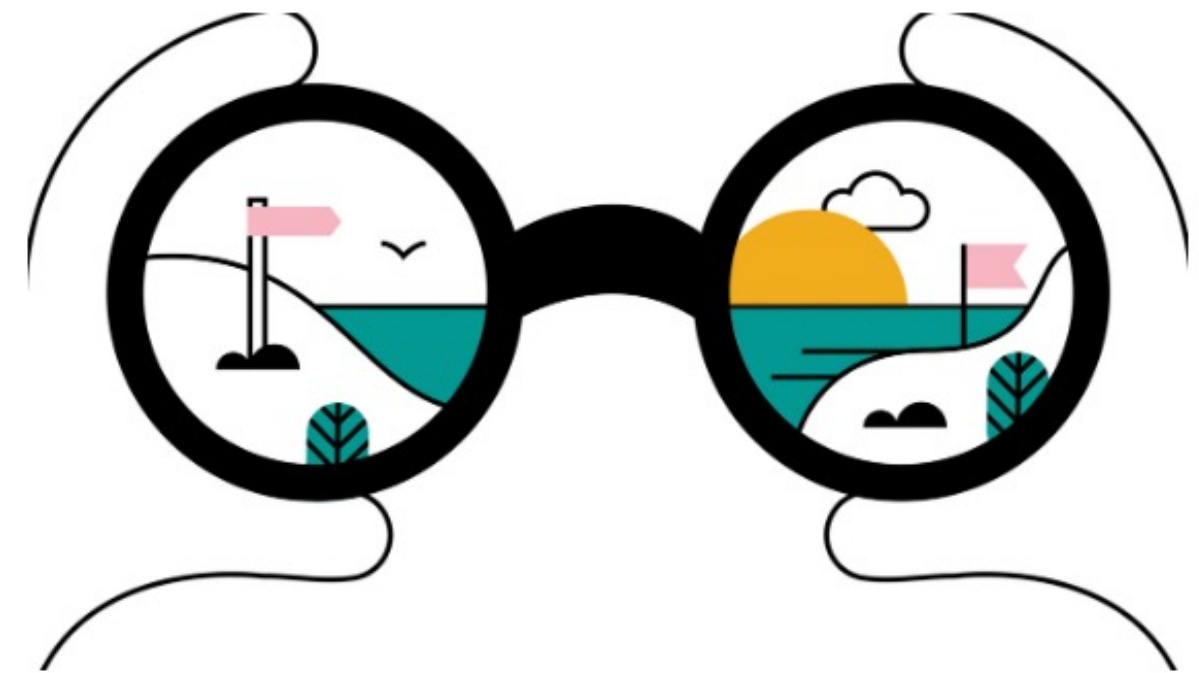

***Examples of solutions eligible to apply include, but are not limited to:** financial inclusion, women and girls education, sustainable livelihoods, business or enterprise skills, violence against women and girls, and more.*

HOW THE PROGRAMME WILL HELP

By the end of the programme, participants will:

- Understand if they are **ready to scale**, and make sure they're asking and answering all the right questions needed to get there
- Know how to implement their solution elsewhere in a **financially sustainable way** – whether through scaling with government, or another form of replication
- Work out how to create **the biggest difference** for their beneficiaries or cause
- Find the **right balance** between reaching more people and maintaining high quality delivery
- Have the support, space, and mindsets needed to think critically about their **impact in the long-term**

SUBJECT: New fully-funded scaling programme for NGOs in Southern Africa

Hi there,

Spring Impact has just launched [Scale Accelerator: Women's Empowerment](#) - a fully-funded programme for ambitious, locally-led NGOs in Southern Africa – including Malawi, South Africa, Zambia, and Zimbabwe - who want to scale up their impact and take their vital work to more people, in more places.

I thought this could be a great opportunity for your team and wanted to make sure you're aware of it. The programme is free, and will help participants gain a clear, actionable plan and strategy for scale, frameworks and tools to build the capacity of their wider team, and the mindsets and confidence needed to make the journey to scale sustainable, achievable, and a whole lot easier.

You can find out more and check if it's the right fit via this link: <https://bit.ly/3MYiXAp>

Applications are open from 1 November and will close on 12 December 2022.

Good luck if you choose to apply!
